White Balance

Set based on lighting conditions:

- Auto White Balance (AWB): Usually reliable
- Incandescent, Fluorescent, Daylight, Cloudy, Shade: For specific lighting

Adjusting white balance ensures accurate color reproduction.

Focus Settings

The D40x uses a 3-point AF system:

- Single-Point AF: For precise focusing on a specific subject
- Dynamic-area AF: For moving subjects, with focus point selection
- Auto-area AF: The camera automatically selects focus points
