Dear Dr. Smith,

I want to commend you on your compassionate approach during patient consultations, especially your ability to listen attentively and explain complex medical information clearly. Your dedication is evident, and patients respond well to your empathetic demeanor.

That said, I noticed in some cases, particularly with medication reconciliation, there were minor oversights that could be improved. For example, double-checking medication allergies before prescribing can prevent adverse reactions. I recommend reviewing medication safety protocols and perhaps shadowing a senior colleague during medication reconciliation to strengthen this skill.

Overall, your enthusiasm and commitment are commendable. Keep up the excellent work, and I look forward to seeing your continued growth.

Best regards,

Dr. Johnson

Please feel free to reach out if you need resources or mentorship. I am confident you will continue to excel.

Sincerely,

Dr. Patel
